## Hello

The Lake District Foundation works with businesses that want to leave a lasting mark on the landscapes, communities and heritage that make this place so special.

When you support our work, your business joins a movement that keeps the Lake District thriving for the future.

Whether your focus is sustainability, community, brand impact or a shared love of this landscape, we will build a partnership that delivers real, measurable change.

We will look forward to working with you.

## Why partner with LDF

Businesses choose to work with us because we offer:

### Local impact

Your support protects real places and strengthens communities across the Lake District.

### Clear sustainability alignment

Back nature recovery, carbon reduction and community wellbeing through credible action.

### Positive brand lift

Show your commitment to the environment in a way customers notice.

### Stories that inspire

Use our imagery, updates and project stories to engage customers and motivate your team.

### A partner you can rely on

We have been delivering impactful projects in the Lake District for more than 20 years.

## Get involved

We offer flexible options that work for businesses of every size.

### Give through your business

- Share a percentage of sales
- Create a product that gives back
- Make a company donation
- Sponsor a bridge, signpost or Ranger
- Support local carbon reduction projects
- Direct your 1% for the Planet contribution to LDF

### Give through your customers

- Add an opt-in donation at checkout
- Add an opt-out donation at checkout (often the most effective)
- Include a voluntary contribution on supplier invoices

### Strategic partnership opportunities

- Create a named grant fund from £10,000
- Support targeted community or nature programmes
- Collaborate on campaigns and storytelling

## What you can fund

Choose from a range of programmes that deliver real impact for nature and communities:

### The Real Hedge Fund

Rebuilding hedgerows to boost wildlife, strengthen habitats and lock up carbon.

### Fix the Fells

Caring for world-famous upland paths and tackling erosion.

### Cleaner Lakes

Improving water quality and protecting the lakes and rivers we rely on.

### Low Carbon Lakes

Restoring peatlands, planting trees and supporting natural carbon stores.

### Lake District for Everyone

Opening up access, wellbeing and nature experiences for all communities.

### Reedbed Revival

Restoring vital wetland habitats that support wildlife and store carbon.

### Our team

Backing the specialists who design, deliver and monitor every project.
